

WESTON-SUPER- MARE TOWN COUNCIL MINUTES OF THE TOURISM AND LEISURE COMMITTEE HELD AT THE MUSEUM ON TUESDAY 14th December 2021

Meeting Commenced: 2.30 pm

Meeting Concluded: 4.02 pm

PRESENT: Councillors Peter Crew (Chairman), John Crockford-Hawley, David Dash, Ray Armstrong, Jan Holloway, Catherine Gibbons, Marc Aplin, Alan Peak and Marcia Pepperall.

ALSO IN ATTENDANCE: Councillor Peter McAleer, Sarah Pearse (Deputy Town Clerk), Fay Powell (Assistant Town Clerk-Operational Services), Caroline Darlington (Tourism Manager), Matthew Hardy (Acting Destination Manager), Zoe Scott (Grounds Co-ordinator), Molly Maher (Development Officer), Cameron Taljaard (Tourism Marketing Assistant), Rebecca Saunders (Civic & Committee Officer) and Aileen Williamson (Member of The Public).

242 Apologies of Absence and Notifications of Substitutions

Apologies for absence were received from Councillors David Hitchins who was substituted by Councillor Peter McAleer, Councillor Gillian Carpenter who was substituted by Councillor McAleer and Councillor Ciaran Cronnelly with no substitution.

It was noted Councillor Peter McAleer would be a long term substitution for Councillor Gillian Carpenter as she was unable to attend afternoon meetings and requested to meet on an evening to allow her to attend again.

243 Declarations of Interest

There were no declarations of interest received.

244 To approve the accuracy of the minutes of the Tourism and Leisure Committee meeting held on the 5th October 2021

The minutes of the meeting had been previously circulated with the agenda.

PROPOSED BY: Councillor Jan Holloway

SECONDED BY: Councillor David Dash

RESOLVED: That the minutes be approved as a true record of the meeting and signed by the Chairman.

245 Budget 2021 2022 & Overview of 2022/2023

The report of the Deputy Town Clerk had been circulated with the agenda.

There were no questions received.

RESOLVED-That the report be noted.

246 Parks & Play Areas

.1 Castle Batch Play Area

A verbal report was given by the Assistant Town Clerk-Operational Services and Grounds Co-ordinator who reported that equipment had to be removed due to vandalism and deterioration.

.2 Dartmouth Close Update

The Assistant Town Clerk reported that the Town Clerk had requested an update but was still awaiting a response from Alliance Homes.

A member enquired whether Big Worle could help fund the site and a discussion ensued regarding engaging with Big Worle to help fund to enhance the Council's plans for the site and how they demined funding.

The Assistant Town Clerk advised that Big Worle had National Lottery funding with Alliance homes overseeing the funds but communication with Big Worle had been difficult due to regular changes of officers and of the guidance on how the funds could be used.

14.45pm Councillor Marcia Pepperall joined the meeting.

A member suggested the Council write to Big Worle and members encourage members of the public to do so themselves also.

RESOLVED- That a letter to Big Worle to request support for a SEN play area at this site and request a seat on the panel for Councillor Alan Peak.

.3 West Wick Update

The Assistant Town Clerk – Operational Services reported there was no update on this site.

A member advised that there may be a problem with Persimmon taking responsibility for fixing lights before the council adopt the site and was concerned that damage maybe encountered whilst this was awaited and the site maintained.

RESLOVED -That Assistant Town Clerk contact North Somerset to get confirmation of who was inspecting the site until the Town Council takes over.

.4 WSMTC Play Areas

The Grounds Coordinator presented a 'traffic light' presentation which had also been circulated prior to the meeting.

This was a thorough inspection carried out by GB Sports and even green coded sites would need general maintained tasks carried out.

It is suggested that upgrades be undertaken over the following three sites over the next three years as follows: -

- 22-Castle Batch
- 23-Uphill Jnr
- 24-Broadway Play

GB Sports had also raised concerns about the water park particularly the large

wooden structure which may have rot and so would need some funding which may affect funds available for Castle Batch.

It was also noted that quarterly inspections by GB Sports of all sites would be useful to keep on top of maintenance work needed.

PROPOSED BY-Councillor John Crockford-Hawley

SECONDED BY-Councillor Marc Aplin

A vote was taken and **carried**. Accordingly, it was:

RESOLVED: That:

1

A- The current full refurbishment schedule of

i-Year 1 (2022) Castle Batch

ii-Year 2(2023) Broadway Play

iii-Year 3(2024) Uphill Junior

B- GB Sports to carry out quarterly inspections of all play areas and recordings put on PSS live accordingly for actions and monitoring.

2- Confirm earmarked reserve should be used for SEN Park at Castle Batch

Waterpark

247

.1 End of Season Update

A verbal report was given by the Acting Destination Manager who advised that lessons had been learnt during the 2021 season, namely the need to streamline & enhance admission to the water park in peak season. Practically a newly purchased handheld payment device would aid this and could be used at other sites. Staffing techniques would also be improved next season.

RESOLVED- That the report be noted.

.2 Maintenance Review

The Grounds Coordinator gave a verbal report.

The pump room had had a survey audit which showed some items that need servicing or replacing. Some pieces would be kept in stock for next season to speed up repairs and reduce the time the park would need to be closed in the event of breakdowns but it was difficult to pre-empt which parts may break.

The Assistant Town Clerk - Operational Services advised that a bigger refurbishment would be needed in the future as the site was now a decade old and was working with a mixture of old and new parts.

The Deputy Town Clerk advised that there were a little over three months left before next season so part quotes and ordering should be pushed otherwise the park would need a revised reopening date.

RESOLVED-That the report be noted and the waterpark be addressed as a priority ahead of the next season.

.3 Kiosk Update

The Acting Destination Manager gave a verbal report and informed that he had explored new marketing for the site and there were opportunities for third party advertising. It could also be used as a point for people to come as an information point.

RESOLVED-That the report be noted.

VIC

248

.1 End of year review

The Tourism Manager gave a verbal report and advised that it had been a very good season, much better than expected and especially due to Covid and the short season. There had been only 2000 fewer footfall than in the last non Covid season.

.2 Vacating VIC

The Tropicana exit had started and stock had been sold to other regions which had made £14k against £16.5k but a new style of stock would be needed in the new VIC location.

.3 Stock Review

A member noted that it had been a good season and the VIC must complete its vacation of the Tropicana by 31st March 2022.

RESLOVED-That the report be noted.

249 Tourism Function Update

.1 Visit Weston Partners

The Tourism Manager gave a PowerPoint presentation.

It was noted that some more visits had been carried out since the report had been produced and Wookey Hole for example had indicated they would renew. Some partners had indicated they would be renewing but at a lower package due to the impact of the pandemic.

A recent visit to the new YMCA hotel had been positive and they had committed to at least a gold package. A newsletter had recently been sent out and open days were planned for January 2022.

A member challenged how many sites would have an in-person visit by the next T&L meeting and how many had committed to renewing.

The Tourism Manager advised that all partners would have an in-person visit by February 2022 and eight had committed to renewing so far; also that new businesses would be engaged too.

The Chairman suggested a tick box chart so members could see who had renewed at a glance.

The Tourism Manager agreed with this idea and suggested they would also target

more restaurants and eateries to get a broad width of partners.

RESOLVED-That the report be noted and the Tourism Manager provide a tick box chart of partners for the next meeting to show which had renewed and indeed had been visited.

.2 Statistics

A PowerPoint presentation was given by the Tourism Manager and Acting Destination Manager which indicated W-S-M was the biggest users of the website.

A member challenged that, if $\frac{3}{4}$ of the users were already in the area, was the website engaging the audience intended.

The Acting Destination Manager advised that the figures need to be refined more. However, it wasn't a negative thing that so many local people accessed the site as a lot were from the outskirts which still encouraged them into town centre.

RESOLVED-That the report be noted.

.3 Future VIC Sites

The Tourism Manager advised if the VIC was situated at the new HQ it would change the demographic of people who accessed it, however the benefit of this was that they could offer a broader service.

A member advised caution as the HQ site was not yet secured.

It was enquired if seasonal staff would still be employed if the VIC was sited at the new HQ and the Tourism Manager confirmed that they would be. The DTC confirmed that the exact staffing structure would be confirmed in due course as there was also revisions for the waterpark and 'hosts' positions that also needed to be considered within this.

A discussion ensued regarding taking over the silica site as a sub- VIC Site.

PROPOSED BY-Councillor Jan Holloway

SECONDED BY-Councillor John Crockford-Hawley

RESOLVED-Subject to confirmation of the lighting replacement and other major works being completed as necessary by NSC on the Silica structure, the Town Council formally write to NSC to explore the possibility of taking over this structure on a zero cost transfer or long lease.

RECOMMENDED- That upon satisfactory confirmation of these requirements a recommendation should then be taken as necessary to Full Town Council in order to acquire this asset to use as an information point in the town centre.

.4 TUK TUK Update

The acting Destination Marketing Officer gave a verbal report and advised that both Tuk Tuks were returned and working. There was a rota for next year as to where/when they will be located and would be in use 7 days a week in peak season subject to staffing. The manager of Tesco has committed to offer an

outside space early next year which was very positive as they had a footfall of 45,000 per week and a place in the Sovereign Centre also been secured.

3.35pm Councillor John Crockford-Hawley left the meeting.

The Acting Destination Manager reported that garaging continued to be a problem but talks were in the process to locate in Stafford road slightly out of town.

The Tourism Manager also advised that a meeting had resulted in a continued presence at the railway station on Fridays.

RESOLVED-That the report be noted.

.5 DVD Destination DVD

The Acting Destination Manager verbally reported that a video had been produced in a format that could be used on coaches, as this type of visitor made up a large proportion of visitors but the film would be used on other platforms such as social media.

A member enquired if the videos could be strung together to save money and was advised that the videos were not all shot in the same way so wouldn't fit together well to give a professional overall effect.

3.44pm The Tourism Manager & Councillor Marc Aplin left the meeting.

PROPOSED BY-Councillor Ray Armstrong

SECONDED BY-Councillor Jan Holloway

RESOLVED-To produce a new Destination DVD.

250 New Logo

The Acting Destination Manager gave a verbal report supported by a slide presentation reporting examples of the purposed new logo. He demonstrated that the logo was recognisable to existing users and pushed the new "Everyone is Welcome" slogan to be more inclusive.

Examples of Weston Super Hosts uniforms were presented including the new logo. A member enquired whether the uniforms would be a vibrant colour and this was confirmed as grey was not appealing as was shown in some of the pictures.

PROPOSED BY-Councillor Alan Peak

SECONDED BY-Councillor Catherine Gibbons

RESLOVED-To approve New Visit Weston Logo

251 Website Procurement

The report had been previously circulated with the agenda.

The Deputy Town Clerk reported that 4 companies had tendered and one was very strong but very expensive in comparison to the other three.

Discussion ensued and the bids were given consideration. It was felt that there would

be benefits to continuing to work with Simpleview who had scored the highest at the interview stage, scoring 77, as they were familiar with the background to Visit Weston and could commit to have the new site up and running by 1st April 2022.

PROPOSED BY-Councillor Alan Peak
SECONDED BY-Councillor Peter McAleer

RESLOVED- To award the website contract for the development of a new site for April 2022 to Simpleview for a period of 3 years with option to extend for a further 2 years following.

252 Visit Somerset Membership Renewal

In the absence of The Tourism Manager the Deputy Town Clerk reported that the renewal would cost £1,500.

A concern was raised that Visit Somerset's director structure may be changing and this might adversely affect the service received.

The Acting Destination Manager had requested information and statistics to enable him to review if the service was giving Weston benefits but had been advised that North Somerset would be supplying these.

A member queried whether the service was aimed at overseas tourists which may not be the target audience for Weston.

Another member felt that maybe the council should save the money this year in the hope that it gets offered a better deal to return next year.

PROPOSED BY-Councillor Alan Peak
SECONDED BY- Councillor Peter McAleer

RESOLVED: To recommend to the Town Council that the council do not renew its Visit Somerset membership.

253 Meeting Venues

The Chairman proposed that meetings from February 2022 onwards be held at The Blakehay Theatre.

RESOLVED: To confirm booking of the Blakehay Theatre for the following meetings: 15th February and 12th April 2022.

With there being no further business the meeting concluded at 4.02pm

Signed: Dated:
Chairman of the Tourism & Leisure Committee

5.4 Play Areas Update

Report for Tourism and Leisure - written by Zoe Scott, Grounds Coordinator

Weston-super-Mare Town Council Play Areas Update

Councillors will be aware at the previous meeting in December 2021 it was resolved that the order of the initial 3 parks to receive a full refurbishment were:

- Year 1 (2022) – Castle Batch
- Year 2 (2023) – Broadway Play
- Year 3 (2024) – Uphill Junior

A meeting is scheduled for the 16th February for officers to discuss procurement needs for the new financial year ahead. This will take into consideration not only Castle Batch Play Area but also the continuous maintenance of all our 21 play areas.

The Grounds Coordinator and Assistant Town Clerk – Operational Services will also be meeting with GB Sports to arrange for the quarterly inspections of all our sites.

The Grounds Team have started assessing and working through the list of ongoing maintenance tasks for our sites. The Annual Operational Inspection is booked in for week commencing 14th February.

Members are requested to note the report.

6.1 Preparation and Maintenance Update

Report for Tourism and Leisure - written by Zoe Scott, Grounds Coordinator

Preparation and Maintenance Update

At the time of writing this report the following work is being carried out:

- The Grandudos dosing system - pump service and pressure sensor replacement.
- The Effects pump, Sump pump – complete overhaul.
- The solenoid bank for the effects - one of each size of solenoid being purchased and kept stock.
- The PH / Chlorine / controller – complete service.
- 2 new manhole covers purchased and installed – installed.

Not only will this ensure the plant room is in top condition for the next season, by stock piling parts it minimises the disruption of delivery dates and delays should they be needed.

We will be scheduling the re commissioning of the water park for the middle of March to ensure it is fully working and operational. The Grounds Team are also having 4 new members of staff trained up and put through the necessary qualification to be able to test and run the Plant Room. This will mean we have a team of 6 in total which ensures plenty of operational cover all week including weekends. Please note this qualification is not straight forward and it should be recognised how the team have to work hard and apply themselves to ensure they understand all the elements. As explained in the course specification, it is:

“Extensive and the highest level of training available for those who are responsible for the management and maintenance of interactive water features. It reflects the most up-to-date requirements and standards for pool plant operations, with a robust syllabus which covers all aspects that are vital to running a wet leisure facility and maintaining healthy and hygienic water.”

The qualification lasts for 5 years. It requires a practical examination as well as a lengthy multiple choice test. The core elements covered are:

- Principles of healthy and hygienic pool water
- Principles of pool water testing
- Principles of disinfection, pool chemistry and dosing in pool plant operations
- Principles of mechanical pool plant operations
- Swimming pool heating, ventilation and energy efficiency
- Management practices and health and safety in plant operations

Members are requested to note the report.

Report from Caroline Darlington, Tourism Manager and Matt Hardy, Service Coordinator, to the Tourism & Leisure Committee 15th February 2022

6.3. SATELLITE VIC UPDATE

SHOPPING		
Town Centre Gateway (BID)	Platinum	
Sovereign Shopping Centre	Platinum	
First Bus	bronze	

7.2. PAYMENTS

All of the above partners were refunded any fees in 2020 and were not charged for 2021. Therefore, all require to re-commence payments from 1st April 2022. So it is logical that all should re-contract on a new partnership agreement that commences on 1st April, preventing complications with the current expiry dates of existing contracts that span the year.

This offers the opportunity to commence all auto-renewal contracts from 1st April, with those signing up at other times of the year to be invoiced on a pro rata basis from signature date until 31st March. This would mean that all partners would auto-renew from 1st April each year unless giving 3 months' notice of intent to cancel.

7.3. VISITS TO PARTNERS

Members will see comments in the above list showing where existing partners have been visited or called where visits have been impossible.

We have developed a separate list of all accommodation providers within central Weston-super-Mare enabling us to identify potential new accommodation partners and are in the process of calling them to arrange a sales call with the intent to increase the number of hotels, guest houses etc. This will be managed carefully to ensure quality.

7.4. RECOVERY DISCOUNT PLAN

Through meetings with other TICs/VICs and with discussion with Simpleview, it became clear that discounted prices for food & beverage outlets and for retail shops would encourage new memberships and would offer them a real outlet for a recovery plan. There is no doubt that these businesses were hardest hit during the pandemic, bars without kitchens or outside spaces were not permitted to open, non-essential shops were not permitted to open, restaurants had to vastly reduce the number of covers to allow for social distancing etc.

The current package prices start at £150 for a Bronze partnership. It is recommended that a recovery discount of 20% should be offered to all businesses within the food & drink and retail areas. This would help us to help them and would increase our partnerships in areas where we are light.

Members are requested to agree the recommendation and for officers to be permitted to offer this 20% introductory and recovery discount from the Bronze package.

7.5. STATISTICS

In January, our Facebook posts reached 10.5k people (up 10.6% compared to the previous 31-day period) with 4.6k engagements (up 149% compared to the previous 31-day period). We also achieved 19 net followers.

Report from Caroline Darlington, Tourism Manager and Matt Hardy, Service Coordinator, to the Tourism & Leisure Committee 15th February 2022

In January we reached 83.9% more accounts compared to December and increased engagement by 252%.

Website traffic in January reached 54,921, which was up 33% compared the same period in December.

8. WEBSITE

The Tourism Manager and the Services Co-ordinator (Caroline Darlington and Matthew Hardy) have conducted several long Zoom meetings with Simpleview with regard to building the new website. Simpleview have now been officially contracted and have appointed a project manager, assistant project manager and SEO advisor from within their team to assist us with the re-build.

Initial conversations have been held with the Volunteer Supervisor to explore how volunteers could be used to create new content for the website. Our thoughts are that this project will begin with a piece around Hildesheim.

Meetings have also been held with Culture Weston and North Somerset Council to explore how we can signpost between the sites in order to best promote the broad nature of events held across Weston.

9. VISIT WEST

The Tourism Manager meets monthly with NSC's Economic Development Team currently headed by Mandie Berry and has been advised that NSC have not renewed their SLA with Visit Somerset. Instead they have appointed Visit West who seem more willing to deliver what NSC requires.

The Chairman and the Assistant Town Clerk have met with Visit West who have indicated willingness to work with Visit Weston and to collaborate.

10. VISITOR INFORMATION CENTRE

10.1. EXITING THE TROPICANA

We have met with the council's architect who will advise in due course the best plan of action with the current fixtures and fittings which may or may not be suitable to be moved.

We have committed to support the Stars of Time event in the Tropicana on 13th March and after that date will commence packing up remaining merchandise, display units and offices. A storage area needs to be identified as it is unlikely that we shall be able to place goods into the new council offices prior to 1st April.

10.2 FUTURE SITES FOR VIC

We are assuming that there will be no fixed location for the VIC until such time as the keys are received for the new council offices on Waterloo Street. Therefore, we intend to go out to the public and make impactful use of the mobility offered by the two Tuk Tuks. We shall also make better use the cabin at the waterpark as a satellite VIC.

- a) The Waterpark Cabin. Orders have been placed for signage and sail flags with the tourist information "i" to signpost visitors to the Cabin and to increase its visibility and presence on the seafront. Information can be distributed from the Cabin, but it is too confined to accept visitors into the unit.
- b) The Silica is being investigated as a possible information point and we await input from NSC with regard to its lighting and structure being improved.
- c) Tuk Tuk locations have been identified and a schedule will be put into place so that they can be located to best advantage. This will include being near to the Silica to capture

Report from Caroline Darlington, Tourism Manager and Matt Hardy, Service Coordinator, to the Tourism & Leisure Committee 15th February 2022

arrivals to the new bus hub on Alexandra Parade and shoppers on the High Street.

Locations will be:

1. The Silica/High Street interchange with Regent Street
 2. The Railway Station
 3. The seafront near to the pier and near to Royal Sands when appropriate
 4. Flexibility to be around events and being visible around the town
- d) Welcome Hosts will be required in order for us to achieve going out to the public. Advertisements have been placed for seasonal staff to fulfil the roles and interviews will be held in early March with a view to commencing their employment at Easter. However, if there are any further delays in the recruitment process it will impact our ability to deliver the offer from 9th April. Shirts, jackets, high-vis waistcoats, bags and umbrellas are planned so that the hosts are immediately visible. These will identify them with the tourism “i” and “Here to help”.
- e) Plans have been drawn for the layout of the new VIC with the counter being at the rear of the area viewing towards the main entrance door. **The Beach Wheelchair** will cease to be an asset to the town’s visitors due to the location being too far from the beach to allow it to be used safely. It was donated to the VIC by the Michael Axentis Trust and Weston Hospicecare and although this was presented free of charge, the town council has paid public liability insurance for the last 3 years, as such the item has become an asset of the council.

Members are requested to advise if it would be agreeable to offer the wheelchair to the Grand Pier, who have the facility to store it and a ramp adjacent giving access to the beach for wheelchair users.
