INTRODUCTION

Weston Town Council is an ambitious organisation that wants to do all it can to make our town of Weston-super-Mare a better place to live, work and visit.

We understand that Weston-super-Mare needs a unique, positive identity. Weston Town Council through its cultural, heritage, arts and tourism services is integral to the town's future identity.

We believe that in these uncertain times with town centre shops closing, challenges to the climate/environment, pockets of social deprivation with differences in health outcomes between wards etc. town councils like ours must play an increasingly important role in helping to maintain and improve local quality of life. Weston-super-Mare is already the third-largest settlement in the West of England with significant further expansion expected.

Like many towns, Weston needs to reinvent itself as a key destination not only for retail but for leisure, events, working, visiting and living.

Through our assets, we are creating a cleaner, greener, safer, more vibrant place to enjoy and where everyone is proud to live and work. Putting a strong emphasis on community benefit, enhancing civic pride, boosting wellbeing, improving mental health and tackling social isolation.

We also want to recognise the town's unique, rich history as a Victorian seaside town and the traditions of being a Town council.

We believe it is important to engage with our local communities. We will continue to listen to ensure that the people of our community are at the forefront of how we shape the outcomes we strive to achieve. The Town Council uses a range of channels for communication to connect with people, including social media alongside the more traditional methods.

We will continue to develop community engagement to make sure even the harder to reach community demographics get their voice heard. We are strongly influenced by what local people have to say about Weston. We are keen to maintain an open dialogue and will listen and respond to suggestions and concerns which are brought to our attention.

This Strategy builds upon and expands that initial work. It provides a comprehensive framework to guide future activities and help us ensure we realise our ambitions for the town. It is a 'living document' and will be developed and referred to as we move forward with our plans.

The Town Council understands that not everything will be possible in a shorter time frame and there are many factors outside our control. However, by being clear in our intentions and direct in our efforts, we should ensure we will be more effective in influencing key decisions which affect all aspects of the town and in taking direct action where appropriate to maintain or improve services.

We will seek a constructive partnership and engagement with a broad range of stakeholders who can help us deliver this plan. That said we will always retain the interests of our town at the core of all of our plans. If this means challenging traditional models and looking for new and innovative solutions for Weston-super-Mare then it is our duty to do so.

The plan is above all a recognition that we must be a Town Council that is relevant and responsible.

This Strategy provides enough detail to prepare annual plans and budgets, while being flexible enough to seize new opportunities as they arise. As a living document it will be developed and evolve as circumstances change around us.

It will undergo annual review, with a full review during 2024.

The Council's main funding comes via its precept - this is a levy made and collected via the council tax charge payable by Weston super Mare residents. Other income is sourced through service provision and external grants.

The 2020 / 2021 expenditure budget is £2,986,522, of which £2,567,270 will be collected via the precept. This equates to £98.37 per year on an average, Band D, household. Within this overall budget, the council has allocated resources to fund projects identified within the strategic plan for this year. Within its financial management, the council will maintain adequate levels of general reserves in line with its financial regulations and will where appropriate maintain a scheme of earmarked reserves which can be used as required to help fund the key strategies and any future major projects identified in this plan.

The Town Council is supported by an officer structure with a core of staff employed within each service area to deliver the Council's services and policies and ensure decisions are made appropriately. The Council is also committed to using volunteers who work with employed staff to meet objectives and ensure community cohesion.

The structure is headed by a Town Clerk. The officer structure is reviewed annually to ensure that it is able to deliver the broad spectrum of planned activities.

We recognise that the core staff number remains relatively small in number and this will be supplemented as necessary by procuring expertise or services externally in order to ensure there is the capacity to deliver, whilst remaining flexible. The Council is committed to the development of an efficient and innovative operating model in order to achieve its strategic objectives.

The Town Council will adhere to good governance best practice via its adopted and published policies and procedures.

The Town Council will act in the best interests of local people in making representations to:

- North Somerset Council.
- Outside Agencies.
- Central Government.
- Other appropriate private or public sector groups.

The Town Council will operate to the letter and in the spirit of the Equality Act 2010 and in the exercise of all its functions.

The Council has devised 'five pillars' or themes that will be referred to later in this document, these 'pillars' will form the basis of its strategic aims. This is the Town Council's statement of what it aims to achieve within the next 5 years 2019 -2024 (short term) whilst also recognising longer-term ambitions (eg. climate change) over 10 years. Whilst not exclusive the projects included have been agreed in principle as areas to support and resource. All projects will be kept under review and may be amended or added to as circumstances change within the duration of the plan.

CORE VALUES

The Council believes it is important to establish a core set of organisational values that determine the way we operate and conduct business.

These three core values are:

- To conduct its business with integrity, impartiality, and transparency in the spirit of the Freedom of Information Act.
- Be a listening and caring Council that treats all views with courtesy and respect.
- To have a positive 'can do' attitude in which we believe in the people, businesses and communities of Weston and strive to support them to flourish.

Ambitions involve the Town Council being actively engaged to find solutions which best meet local needs and priorities in respect of significant choices to be made affecting the town's future.

We will work with the local community and partners to ensure that the Town becomes a more vibrant, better served, more prosperous, cleaner, greener, safer and inclusive place in which to live, work and enjoy life. We will encourage public participation and make known the availability of a public speaking session prior to all Town Council and committee meetings.

The Council will at all times recognise its responsibilities surrounding governance and good financial practice. It will comply with the Code of Conduct and the Nolan Principles in public life and work to an appropriate complaints procedure for use by the public in regards to the Town Council it's staff and councillors.

Human Resources - 2020-2024

The Council will act as a good employer to all Town Council employees, who are entitled to:

- Equal Opportunities.
- A Contract of Employment, Job Description and Person Specification each subject to terms and conditions as determined by current employment legislation.
- Training and development within staff development plans to meet business requirements.
- Recognition in respect of staff pay and grades under the Local Government terms and conditions.
- Issue of Employee Handbooks clearly setting out terms and conditions of employment and maintaining effective grievance and disciplinary procedures.

Town Council staff provide 'value-added' in the provision of effective and efficient service provisions. The areas this is achieved and measured are:

- 1) Reducing absence
- 2) Good recruitment decisions
- 3) Raising performance levels

We continue to invest in our workforce via training and development, effective leadership and management and the promotion of consistent 'Management Standards'.
